Green jobs are expected to grow.

Now is a great time to break into the emerging Home Energy Technician field. The Home Energy Technician course at Upper Valley Joint Vocational School begins November 8.

Home Energy Technicians help consumers:

• **Find and eliminate window and door drafts**
• **Advise consumers regarding electronic appliance purchases**
• **Identify insulation deficiencies**
• **Install energy-efficient lighting**
• **Optimize heat and air conditioning systems**

The program is being offered through a joint partnership between UVJVS Adult Division, Adult Basic and Literacy Education (ABLE), and Edison Community College.

This 280-hour program will be offered in the evenings from:

**6-9:30 p.m. Monday-Thursday**  
**9/27/10-12/14/10**

The first session will begin November 8.

Don’t have your GED? No problem. Students will be able to earn their GED while completing the Home Energy Technician program.

Cost is $4,116. Financial aid may be available for qualified students.
